To whom it may concern,

This letter serves as recommendation for the performing group Mini-Cirque. I had the pleasure of working with this group at the Canada Science and Technology Museum during our Holiday program period in December 2005.

I cannot say enough about this wonderful group. Both Sophie and Alain are consummate professionals who worked wonderfully with children of all ages. Their perfect bilingualism was of great value, as was their wonderful enthusiasm and energy. Our visitors were amazed, inspired and delighted by their performances, as well as with the opportunity they had to 'run away with the circus' by trying out various equipment. It was clear by the smiles and laughter of visitors that the workshop was a huge hit and a highlight of our holiday program.

Thanks again to Mini-Cirque!

Sincerely,
